Go West: First Contact with Native Nations (Go West! Travel to the Wild Frontier) Cynthia O'Brien
As settlers came west, they discovered there were already people living on this "new" land. Discover how this mass invasion of settlers impacted the indigenous peoples of the West: their first contacts with explorers such as Lewis and Clark; the gradual encroachment of white settlers on their traditional lands; the enforced removal of native peoples to the West; the clashes with native peoples after the Civil War; resistance by native leaders such as Sitting Bull; and the end of Native American resistance in the 1890s.
