The Art of WALL.E Tim Hauser

Pixar Animation Studios, the innovators behind *Toy Story*, *Finding Nemo*, and *Ratatouille*, created its latest genre-defying film with an intriguing and unorthodox question in mind: What if mankind had to leave Earth, and somebody forgot to turn off the last robot? WALL.E (Waste Allocation Load Lifter-Earth Class) is this last, soulful robot. When his lonely work is interrupted by the arrival of the sleek probe-droid EVE, a rollicking adventure across the galaxy ensues.

The Art of WALL.E features the myriad pieces of concept art on which this fantastic, futuristic film was built, including storyboards, full-color pastels, digital and pencil sketches, character studies, color scripts, and more. Astute text-featuring quotes from the director, artists, animators, and production team-unearths the filmmakers' historical inspirations and recounts the creative process in intimate detail. This richly illustrated portal into the artistic spirit of Pixar reveals a studio confidently pushing the limits of animation.
