Do you believe in love? We all get caught up in matters of the heart. Whether it's loving a significant other, ourselves or God we all play a part. Quite simply, love takes on many forms and we willingly follow suit. This book delves into the many facets of love as it flows out of the pen of a twenty-something young woman. Camesha Gosha has spent more than a decade working in media. With a background that includes print, television, news and entertainment, she's excelled in the many sides of this business. She's been writing longer than she can remember and is one of the lucky ones that get to write for a living. Shyly Speaking is her first book. She plans to take a stab at a novel next. Camesha Gosha lives in the Los Angeles area with her husband, son and dog. Shyly Speaking is a collection of poems written over many years. They were inspired by the experiences of the writer and those of others. The poems capture a range of emotions and moments. While many are written from the perspective of an African-American woman, the themes of love, loss, joy and faith resonate with everyone. An introspective look into the author's world lies within these pages.
