The Management of Corporate Acquisitions: International Perspectives

The Management of Corporate Acquisitions: International Perspectives

Finally! A comprehensive volume on the management of corporate acquisitions that summarizes contemporary research, and that moves what we know about acquisition management a step further. The book encompasses innovative works from several countries, related to a variety of issues; managerial motives, the role of acquisitions in competitive strategy, as well as organizational and political processes. Unlike several other works on acquisitions, this book emphasizes the most critical issue faced by managers today; how to manage successfully already acquired companies and operations. Both researchers, managers and students of strategy and organization will find this book an important supplement.
