Hundreds, perhaps thousands, of Islamic terrorists are now entrenched in cities and towns throughout the United States. Regardless which political party is in power, those in government are incapable of dealing with this threat—or any other economic, political, or social issue. The Day of Jihad is at hand. Only the shadow government known as the Society of Adam Smith, or SAS, is capable of dealing with this threat. And it desperately needs the skills possessed only by that deadliest of hunter/killer teams, the Sleeping Dogs and their newest member, the Aussie Liam Stone.

But first the Dogs must rescue one of their own from a maximum-security prison in Qatar—before his captors execute him. Meanwhile one of the principal jihadist cells in America is preparing to detonate a dirty nuclear weapon in one of this country's critically important nuclear laboratories. And then there are the Chinese. In addition to solidifying their grasp throughout Asia, behind the scenes they are sponsoring Islamic terrorists in the jihad against the West. Once America crumbles from within, the Chinese are ready to extend their dominion to include the entire planet.

Do Cliff Levell and the SAS have a plan to save the culture, values, and freedoms of Western society? Is it too little too late?
