Dragon in Exile (Liaden Universe®) Sharon Lee, Steve Miller

#18 in the popular and exciting science fiction Liaden Universe®. Clan Korval rebuilds its fortunes on the gritty, semi-anarchic planet of Surebleak. Over a half million Liaden Universe® books sold with an audience that keeps growing!

Star-trading Clan Korval—known to Terrans as the Tree-and-Dragon Family and to the locals simply as "the Dragon"—has been convicted of crimes against the homeworld. No matter that one of the "crimes" consisted of saving the elitist planet of Liad from very real internal threats, the Council of Clans wanted Korval heads to roll. Unfortunately for the Council, the Dragon's allies conspired to impose a milder punishment for saving the world: banishment, rather than execution.

Now relocated to the free-for-all world of Surebleak, the Dragon is under contract to keep the Port Road open to all traffic, and to back the New Bosses in imposing law and order on a society originally based on larceny and assassination. This modest rustication is going surprisingly well, until Korval discovers that the enemy they'd sought to destroy. . . wasn't *quite* destroyed, and is more determined than ever to eradicate Korval.

While the banishment killed no one initially, many of Korval's trading allies are spooked, and some are renegeing on ancient agreements, leaving the Dragon to make its own way. The clan's efforts to stealthily recruit new allies is going haywire, and a secret death toll is rising even as the clan's adherents endure increasing exposure to danger and deceit off-world.

To make matters worse, an active portion of Surebleak's native population liked the Old Ways just fine, and are conspiring to take the New Bosses—and the Dragon—down, and are sure they have the firepower and people to do it.

The exiled Dragon has to make an urgent choice—accept an alliance with criminals or face down each and every enemy in person, one by one.
