**Microeconomics Study Guide** David C Colander, Douglas Copeland, Jenifer Gamber

This book provides an examination of microeconomic models in practical use. Microeconomics explores the strengths and weaknesses of standard models of microeconomics and how they are actually used in policy. Chapters discuss the basics of microeconomics; foundations of supply and demand; market structure and policy; monopolistic competition; distribution of income; and the ways economic reasoning is applied to real-world policy. Sidebars reinforce the economic tools presented, while more than four hours of website-accessible video provide interactive exercises and animated tutorials.
