Cognitive and Cultural Influences on Eye Movements

Cognitive and Cultural Influences on Eye Movements

It is well-known that cognitive variables influence eye movements during reading. To what extent do cultural differences influence eye movements? This volume contains chapters that examine these two issues.

The first half of the volume documents recent research findings with respect to models of eye movement control in reading, eye movements and visual processing, and eye movements during scene perception, search, and mental rotation. The second half of the volume deals with two main cultural issues: eye movements in reading Chinese and cultural influences on eye movements. A number of experts provide overviews of their research findings concerning the topics in the five sections of the volume.

Readers interested in eye movements in reading, cognitive influences on eye movements, and cultural influences on eye movements will find the chapters valuable reading.
