Reading Theory Now: An ABC of Good Reading with J. Hillis Miller Eamonn Dunne

Reading Theory Now explores movements in critical thinking through a host of radical theorists, and to channel those movements through the work of one of the most influential proponents of critical interpretation in the world today, J. Hillis Miller.

It enables its readers to see how and why theoretical models of reading are of use only in the practical event of reading literary and philosophical texts, that the politics and poetics of interpretive paradigms are constantly shifting, changing and evolving as present day perspectives transform those traditions unalterably. It seeks to invite its readers to challenge the concept of the paradigm, the school, the movement, even the sequence, by presenting them with a choice to read in their own way, to "dip" in and out of singular events of interpretation from A to Z. In this respect *Reading Theory Now* invites its audience to decide for him/herself where they begin and end their own critical analyses.

Reading Theory Now also contains:

- *A Preface by J. Hillis Miller which comments on the significance of reading as an event and the centrality of political and ecological issues in his most recent work.
- *An Afterword by Julian Wolfreys which tackles these issues in Miller's latest books.
- *A select annotated bibliography which will help students coming to Miller's work for the first time to find their own way into his vast critical corpus.
