Side Effects VK Powell

Detective Jordan Bishop is tasked with protecting Neela Sahjani, abortion doctor, stem-cell researcher, and member of the new conservative state government—a walking contradiction and a complication Jordan can't afford. When Neela seeks an emotional connection, Jordan tries to distract her from the darkness of her past with the only thing she has to offer—sex.

Neela is struggling to keep her job in an administration that no longer supports her vision while also caring for her aging mother and researching a cure for her mother's disease. The last thing she needs is a detached, risk-taking police officer looking over her shoulder.
