## **Eurhythmics for Young Children: Six Lessons for Spring** Monica Dale

Eurhythmics, a dynamic, active approach to teaching and learning music, was developed by Swiss musician Emile Jaques-Dalcroze. These complete, sequenced lessons give clear examples of the method in practice. Ideal for preschool and early elementary music classes, the lessons include detailed procedures, stories for creative movement, songs with piano accompaniments, examples for piano improvisation, exercises in rhythmic movement, and supplementary worksheets.
