On Guerrilla Warfare Mao Tse-Tung

On Guerrilla Warfare is Mao's case for the extensive use of an irregular form of warfare in which small groups of combatants use mobile military tactics in the forms of ambushes and raids to combat a larger and less mobile formal army. Mao wrote the book in 1937 to convince Chinese political and military leaders that guerilla style-tactics were necessary for the Chinese to use in the Second Sino-Japanese War. The book has since become a classic and should be of interest to anyone who wants to learn about guerilla warfare and how it is effectively conducted, and anyone interested in warfare, terrorism, and revolution in general.
