Practical Law of Architecture, Engineering, and Geoscience, Second Canadian Edition with Companion Website (2nd Edition) Brian M. Samuels, Doug R. Sanders

This book provides a broad overview of the laws relevant to the practice of architecture, engineering, and geoscience in Canada. Legal concepts and language are simplified and presented in practical, rather than theoretical, terms to provide professionals and students a sufficient background to identify legal issues. This text is an excellent reference for professionals and an excellent study aid for the Professional Practice Exam.
