La Curacion Cuantica: Explorando las Fronteras de la Medicina Mental y Corporal (Spanish Edition)

Deepak Chopra

Por que se producen curaciones espontaneas del cáncer y por que la medicina convencional no puede explicarlas? En busca de la respuesta, el Doctor Chopra - reputado endocrinólogo y profesor de ciencias sociomedicas en la escuela de medicina de la Universidad de Boston - visito la India para instruirse en los antiquísimos conocimientos médicos contenidos en el Ayurveda y aprender las técnicas curativas de la Meditación Transcendental utilizadas para tratar enfermos desahuciados. A partir de la enseñanzas de Mararishi Mahesh Yogui, el doctor Chopra escribió su obra Como crear salud - publicado en esta misma colección - y comenzó a practicar una nueva medicina - que el llamo cuántica -, basada en la milenaria sabiduría vedica. Para esta nueva medicina la recuperaciones espontaneas son producto de saltos energéticos en el nivel mas profundo de la conciencia: son curaciones cuánticos sujetas a la voluntad del enfermo. Así, el presente libro no es solo un fascinante viaje intelectual y una crónica conmovedora acerca de curas "milagrosas", sino también es un mensaje de valor y esperanza para los enfermos graves.
