## **Seoul Food: Short stories of a Korean American Living in Los Angeles** Dr. Sarai H. Koo

Seoul Food is a creative non-fiction book about the lives of second-generation Korean Americans growing up in Los Angeles County—the Mecca for diversity of cultures. Targeting a young adult readership, Seoul Food captures snapshots of Korean lifestyles of as well as an inherent, sometimes shameful, dysfunctional family and lifestyle created by the disconnect between Korean-born parents and their American-born children. The book not only infuses the work with credibility, but also brings to light quintessential aspects, including universal issues confronting many youth of many cultures. Stories of Korean Americans' private experiences may go unnoticed, or their lives may be misinterpreted. Most often, media portray Koreans as the model minority. Seoul Food wittingly and subtly unpacks these perceptions with a candidness and humor that will cause readers to rethink their assumptions. As Korean music, drama, culture, and food have spiced the lives of many people across the globe, Seoul Food is a literary work that will find its home in your heart.
