Reflections on a F*cked-Up World Ray Wolf

Ray Wolf thinks the world has gone crazy. In that light, Wolf, who prefers to think of himself as a realist rather than a pessimist, shares a collection of opinions designed to point out what is wrong and in need of repair with the world and modern society. In a style that ranges from witty to sarcastic, Wolf not only pokes fun at, but also confronts many of the frustrations we face at some time or another in life. Shared with the intent of motivating others to think about their own lives and the ever-changing world around them, Wolf's opinions provide a glimpse into the effects of computerization and technology, capitalism, employer demands, consumerism, and much more. Also included are his opinions on education, both from schooling and parents, as well as the consequences of materialism, pollution, and celebrity overload. Reflections on a F*cked-Up World offers one man's outlook on life as he travels a bumpy road through reality and encourages others to make positive changes in the world.
