Has Your Child Recently Been Diagnosed With ADHD? How Would You Feel If Your Child's ADHD Held Him (Or Her) Back From Learning In School? This ADHD Guide was written for people who are new to ADHD, and it was written in a simple, easy-to-understand language that explains how ADHD will effect your child's daily life. It gives you a perspective of what it is like inside your child's mind, how you can treat it (with and without medication), and provides you with a clear picture of the things you can do as a parent to help him (or her) be successful in school and out of school. Here Is A Breakdown Of What You'll Learn: - Over 50 powerful strategies on how you as a parent can improve your child's ADHD at home - Amazing tips on how your child's teacher can help him (or her) to do well in school - Things your child can do to become a better student - Foods that will help you child with ADHD - Foods that you SHOULD NOT feed your child with ADHD - Helpful Therapies that can be applied (whether your child with ADHD is using medication or not) - The disabilities that you should be aware of because of their possible attachment to ADHD, as well as what you can do to help - And much more! Think of how much happier you and your child will be once you get a handle on the ADHD. Take the opportunity to preview this book, to see all the benefits provided in this book.
