This audit checklist and guide on "how perform the audit" is designed to help organizations to perform an internal audit against ISO TS 16949 quality management system standard requirements. It addresses each standard "shall" requirements and is formatted so that each requirement can be rated as being compliant or not compliant. An instruction guide how to perform the audit and a rating sheet with an easy to understand rating formula is included. It will enable you to record the audit findings and arrive at QMS performance metrics necessary to measure and rate the effectiveness of the quality management system. The booklet consists of 42 pages, is spiral bound and includes a CD ROM in MS Word 7.0 that contains the whole content of the booklet. The author Gunther B. Gump has been providing quality management system training and consulting services for close to 30 years and has helped hundred of companies to get QMS certified. He is the author of many best selling books on quality management systems such as the "How to Win with ISO 9000" and "ISO 9001 Decoded" that received best selling status. This ISO TS 16949 audit checklist with guidelines how to perform the audit is a first in this category and will provide a time and money saving tool for performing such an audit.
