## **One Single Mother to Another** Canderra Holcomb

For a young person, finishing high school and going off to college is a time of eager anticipation and perhaps a bit of fear. It is a time when old dreams can be realized and new dreams formed. Those dreams are dashed if you are young and discover that you are pregnant. All your hopes disappear in that instant. You may even think your life is over. But your life is not over. It has just changed direction. Author Canderra Holcomb knows this first-hand. In *One Single Mother to Another: A Guide for the Daily Struggles of a Single Mom*, Holcomb shares how her life changed the moment she found out she was pregnant at the age of 19. Holcomb helps you come to terms with your feelings about the unplanned pregnancy. She guides you through multiple issues-including child support-dealing with the baby's father, your family, your friends, and eventually dating. Based on the author's personal experience, this guidebook offers advice and encouragement to help others make it through the experience of single motherhood and create a successful life for both mother and child.

Maybe your answer is usually One Single Mother to Another because the amazing cover that makes you consider the content will not disappoint you. The inside or content is actually fantastic as the outside or cover. Your reading sixth sense will directly assist you to pick up this book.

#### **Ana Smith:**

As a university student, I exactly feel bored with reading. If their teacher requested them to go to the library as well as to make a summary for some guide, they complained. Just little students that have reading as their soul or real leisure activity. They just do what the professor wants, like asked to the library. They go to at this time there but nothing reading critically. Any student feels that studying is not important, boring, and also can't see colorful pictures on there. Yeah, it is to get complicated. A book is very important for yourself. As we know that in this era, many ways to get whatever we wish. Likewise, words say, many ways to reach Chinese's country. Therefore this One Single Mother to Another can make you really feel more interested to read.
