Instill a love of language in students in pre-kindergarten–1 using Phonemic Awareness. This 64-page book teaches beginning readers that letters have associated sounds that can be blended and manipulated. It also builds an awareness of rhyme and phonemes. The book includes reproducible pages, teaching suggestions, assessments, activities, games, and a reproducible parent letter. The activities prepare students for more-advanced skill development, and the book is great for whole-group, independent, and center activities. It supports NCTE and NAEYC standards. Key Education products are intended to engage and educate young and special learners, as well as assist teachers in building a strong and developmentally appropriate curriculum for these children. The product line—comprised of teacher/parent resource books, photographic learning cards, and other activity- and game-oriented materials—is designed to assist in “Unlocking the Potential in Every Child.”
