## **Whipped** Sabrina York

Fun and flirty contemporary romance featuring a hunky, stubborn military hero with a MAN CODE that is written in stone, and the woman who aims to bring him to his knees!

Here's the blurb!

Dane Coulter is mourning the loss of his best friend, fellow Special Ops buddy, Cody. Oh, Cody didn't die. It's worse. He's getting married. Cody is, in Dane's opinion, whipped.

Dane swears he will never suffer the same fate. But when he meets a woman who can take all his dominant loving and beg for more, he realizes he may have met his match. It's a damn shame she's the one woman in the world his man-code deems untouchable...his best friend's sister.

Join the fun as Tina Marie torments poor Dane. She is determined to make him toss his stupid man-code out the window. Will she succeed??

If you enjoyed Whipped, get an update on Dane! He has a cameo in Guard Dog, another contemporary military romance certain to satisfy.
