This near-future sci-fi adventure sends humankind back to the moon, this time to make first contact with an inscrutable alien race. And when Earth's new acquaintances become new neighbors, humanity might not be done with the moon yet — and it might not be done with Earth. Fortunately for humankind, it has Conn Garrow.

They said Conn wasn't qualified for astronaut training. To prove herself, all she'll have to do is outwit alien races, escape from prison, run a huge business, survive assassination attempts, engineer impossible rescues — and walk on the moon. Never tell Conn there's something she can't do.
