Nineteen Eighty-Four, Centennial Edition

George Orwell

Nineteen Eighty-Four, Centennial Edition George Orwell

"Thought Police." "Big Brother." "Orwellian." These words have entered our vocabulary because of George Orwell's classic dystopian novel, *1984*. The story of one man's nightmare odyssey as he pursues a forbidden love affair through a world ruled by warring states and a power structure that controls not only information but also individual thought and memory, *1984* is a prophetic, haunting tale.

More relevant than ever before, *1984* exposes the worst crimes imaginable—the destruction of truth, freedom, and individuality.

With a new forward by Thomas Pynchon.
