R.D. Laing and the Paths of Anti-Psychiatry (Makers of Modern Psychotherapy)

Zbigniew Kotowicz

R.D. Laing and the Paths of Anti-Psychiatry (Makers of Modern Psychotherapy) Zbigniew Kotowicz

In the 1960s and 1970s, the radical and visionary ideas of R. D. Laing revolutionized thinking about psychiatric practice and the meaning of madness. His work, from *The Divided Self* to *Knots*, and his therapeutic community at Kingsley Hall, made him a household name. But after little more than a decade he faded from prominence as quickly as he had attained it.

R.D.Laing and the Paths of Anti-Psychiatry re-examines Laing's work in the context of the anti-psychiatry movement. Concentrating on his most productive decade, the author provides a reasoned critique of Laing's theoretical writings, investigates the influences on his thinking such as phenomenology, existentialism and American family interaction research, and considers the experimental Kingsley Hall therapeutic community in comparison with anti-psychiatry experiments in Germany and Italy. The book provides a much needed reassessment and re-evaluation of Laing's work and its significance for psychotherapy and psychiatry today.
