The Lost Fleet: Genesis (Volume 4) Raymond L. Weil

Fleet Admiral Jeremy Strong is determined to preserve the planet Gaia as the new home of the lost fleets. Unfortunately, a new and frightening danger from the destroyed Dyson Sphere threatens to undo everything he has fought for. Kazak, the AI on the Originator ship has his own agenda. The Humans and Altons will either do as he demands or he will destroy them. Can Fleet Admiral Strong outsmart the two-million-year-old AI or is he doomed to failure? Admiral Tolsen has found the Dyson Sphere in the home galaxy. However, he will have to fight to keep control of it as research teams work frantically to discover its secrets before it's too late. Both the Simulins and the Shari are determined to destroy Tolsen's fleet and take the Dyson Sphere for themselves. Both galaxies erupt into war as the titanic struggle for supremacy continues. If the Simulins win, then all hope is lost as they will destroy all organic life. If the Shari win, they will use the science and technology in the Dyson Sphere to conquer the home galaxy and destroy the Human Federation of Worlds.
