Time for Revolution (Athlone Contemporary European Thinkers) Antonio Negri

Written in prison two decades apart, these two essays reflect Antonio Negri's abiding interest in the philosophy of time and resistance. The first essay traces the fracture lines that force capitalist society into perpetual crisis. The second, written immediately after the global bestseller, *Empire*, develops the two key concepts of empire and multitude.

Time for Revolution explores the burning issue of our times: is there still a place for resistance in a society utterly subsumed by capitalism?
