This guide can help you land your dream job in private equity or venture capital by demystifying the notoriously opaque private equity and venture capital recruiting process. The key to breaking into private equity is to plan ahead because private equity recruiting is both highly competitive and formulaic. It can be virtually impossible to break into this industry without having first accessed the right recruiting channels. Private equity firms are often very lean, which means that new hires must be able to hit the ground running with minimal training. The good news is that there are many different paths into private equity from all sorts of disparate backgrounds if you are willing to be tenacious and plan ahead. This guide can help you make the right decisions in order to chart your personal course toward your dream job.

This guide answers the following questions:

1. What do private equity firms do?
2. How do private equity firms differ, and how do these differences affect their recruiting practices?
3. What roles are associated with various titles, and what prior experience do they require?
4. What compensation is typical for various firm types, titles, and years of experience?
5. What steps should I take to help me break into private equity if I am a: High school student? Undergraduate student? Pre-MBA? MBA student?
6. How do I make effective use of private equity recruiters?
7. How do I evaluate and compare offers?

This guide provides the following data and rankings:

1. The 300 largest global private equity firms.
2. Detailed database of 70 private equity recruiting firms.
3. Top undergraduate programs for breaking into private equity, investment banking, and consulting.
4. Top investment banking, consulting, and other analyst programs for breaking into private equity.
5. Top business schools for breaking into private equity.
