My Little Polar Bear Claudia Rueda

This quintessential love book for parent and child -- a standout in the genre -- promises to become a perennial favorite for generations to come.

A winter wonderland awaits a young polar bear cub that emerges from its den for the first time. As the cub sets out on a dramatic arctic journey, it worries whether it has the skills to survive. But a parent's abiding presence and simple, reassuring words instill confidence and love.

In the tradition of such classics as *THE RUNAWAY BUNNY* and *MAMA DO YOU LOVE ME?*, this graceful, soothing tale speaks to the powerful bond between parent and child, and to the many stages of a child's growing independence, from first steps to first school experience and even to leaving home.
