Gods, Memes and Monsters: A 21st Century Bestiary

Gods, Memes and Monsters: A 21st Century Bestiary

Featuring more than 60 authors, this stunning volume brings a fresh take on the bestiary, the dictionary of mythological creatures, by imagining how beasts such as gorgons, minotaurs, and manticores would cope in the modern age. Offering informational entries and short stories, the collection ranges from the horrific to the humorous, reacquaints readers to classic beasts, and introduces the newly discovered, thriving creatures of the cyber age like the meme mosquitoes, trashesquatches, and urbantelopes. From the casino where the griffin has taken up residence, to the gorgon's new occupation and love interest, to the now happy sphinx who has moved to Manhattan, this bestiary is a unique and contemporary twist on the creatures that have captivated the human imagination since ancient times.
