PSI Spies will take you behind the scenes of the U.S. Army's formerly top-secret remote viewing unit to discover how the military has used this psychic ability as a tool, and a weapon. Despite the fact that remote viewing was developed by various tax-supported government agencies, including the CIA, the Defense Intelligence Agency, and even the U.S. Army, a majority of Americans still have never heard of this faculty. In the 1970s, with the support of Congress, the Army formed a small unit of remote viewers to spy for America. These soldiers/psychic spies gained penetrating knowledge about a wide variety of subjects. They were consulted to stop a Soviet plot to kill President Ronald Reagan. They mentally prowled the halls of the Kremlin. They probed Iraq's hidden weapons sites in preparation for the 1991 Gulf War. From insights into our future to the continuing mysteries of UFOs and crop circles, no subject has been immune to the military remote viewers—America's Psi Spies.
