## **LACRIME su TELA (Italian Edition)** Pier Francesco Moretti

Non è un libro giallo, non è un romanzo d'amore. Forse un noir scientifico. E' un percorso psicologico tra aspettative, fissazioni e amori, attraverso la vita di un lui che non capisce cosa significhi amare. Christopher non può lacrimare. La sua curiosità da bambino verso le lacrime degli altri si trasforma in una fissazione, fino a voler spendere la sua vita per comprendere scientificamente la differenza tra lacrime d'amore e quelle versate per sofferenza fisica, confondendo sentimenti ed esperimenti. Tante donne, due in particolare, che lo distraggono dalla sua fissazione scientifica e che lo porteranno a cambiar vita, uccidendole. La soluzione non sta nell'analisi delle lacrime ma negli occhi che le hanno generate. Un libro che unisce fisica, chimica, informatica, psicologia e soprattutto vita reale, in un intrigante e concatenato succedersi jazzistico di labbra, fazzoletti, provette, pennelli e computer, in un viaggio di un cuore ingabbiato dai neuroni. Un insieme di dettagli dapprima scollegati tra loro nello spazio e nel tempo, per poi trovare una spiegazione unitaria nella difficoltà delle relazioni uomo-donna. Potrebbe essere una storia autobiografica, se non fosse che l'autore può lacrimare, non è un chimico, non studia le lacrime, non ha mai ucciso nessuno. Potrebbe esserlo perché capisce di scienza e dipinge, ma soprattutto per il conflitto tra mente e cuore.
