A vivid portrait of a family's determination to live undefined by race.

Hank Whitaker longed for more than society said he could have. When a fateful incident forces him to use his racially ambiguous looks to escape certain death; Hank assumes the identity of the same people that revile him. He never imagined he would fall in love and marry a white woman, but spirited Maggie Bennett changes everything. Now, Hank can never return to being the man he used to be. If the secret of his heritage is revealed he loses everything—his family, his successful business and his life. When tragedy strikes again and Hank is dying, he confesses to his wife and 18-year-old son, Lance, that he is really a black man passing as white. The revelation launches the family on an epic journey as Lance tries to figure out which life to live; continue passing as his father did, or shatter the façade and become the Negro he never imagined he was.

Like many African Americans, more than 200,000 before World War I, Lance flees the U.S. to find racial freedom in the *liberté, égalité, fraternité* of France between the World Wars. Among the wealthy expats in Europe, he finds love and a passion for art but knows that one misstep could unravel the life he has so carefully constructed. With the art world as its backdrop, *PROVENANCE* intertwines real people and places with fictional characters to paint a vivid picture of African Americans who defied tradition to escape racial barriers. Though each character's path is unique, as racial pioneers they share the same quest—the right to live undefined by race.

Self-determination, a basic and historically elusive human right, is the core of *PROVENANCE*. Set in the early 20th century, against the strict racist traditions of the Deep South and the freedom and vibrancy of Paris on the verge of World War II, *PROVENANCE* is the story of a family willing to do whatever is necessary to ensure they determine their own destiny—despite their provenance. The experiences and insights of the book's characters are as timely today as ever; because race still has the power to divide or unite, cannot predict success or failure and, continues to be powerless in the face of love and passion.
