Coloring and journaling enthusiasts, as well as Law of Attraction followers, will love this expanded version of 50 Shades of Fun: The New Joy of Coloring. While it includes many of the original coloring pages, several have been revised, and some replaced altogether with new pictures for coloring variety. Many of the drawings are detailed to provide hours of enjoyment, but you'll also find some simpler illustrations to provide the satisfaction of completing a project in one sitting. There is also the added bonus of 50 lined journal pages and 100 Law of Attraction-inspired thoughts to encourage positive journaling. It's your birthright to live an abundant, joyful life, and to inspire others. This book includes an introduction to the Law of Attraction to help you do just that. Freeing your mind of negative-feeling thoughts will allow you to attract your desires. Many now agree that coloring is as effective as meditating for letting your mind relax. In fact, clinical psychologist Ben Michaelis, Ph.D. recently told HuffPost Live that coloring is "absolutely another form of meditation!" Just flip through the book and stop at a picture that feels right – you may discover that the corresponding Law of Attraction-inspired thoughts are perfect to provide insight and guidance in your life at this present moment. Adults and teens alike will have fun coloring the many illustrations, mandalas, and patterns, and using the journal pages to focus on creating joy in their lives. I would be thrilled if you bought or received this book as a gift and would please leave a REVIEW!
