## **Prospects and Risks Beyond EU Enlargement: Eastern Europe: Challenges of a Pan-European Policy**

With the European Union's upcoming eastern enlargement, Europe is confronted with the necessity of creating security and stability beyond the EU borders in Eastern and Southeastern Europe. This task includes not only numerous risks but also opportunities to face the challenges of the 21st century. This volume provides policy-oriented recommendations and differentiated insider knowledge about the regional situation in Russia, Ukraine, Moldova and Belarus. Authors from the region analyze policies by state and by key issues such as energy, transportation, the future of Kaliningrad or the regional hot spot in Transnistria. A concept for a "Multi-Layered Europe" is developed for the strategic dilemmas concerning the current debate on "Wider Europe." The unique alliance between analytical output and strategic thinking makes the book valuable for the academic community and for persons responsible for Europe's future.
